

About The Golf Affect & Wisconsin Women's Health Foundation

The Golf Affect is in strategic alliance with the Wisconsin Women's Health Foundation to raise awareness about breast cancer in the Dane County community. With the power of education, we hope to fight the disease that affects almost 200,000 women in America every year.

The Golf Affect is a charitable organization established by Steve Sticker, Dennis Tiziani and Cherokee Country Club. The Golf Affect uses golf as a vehicle to bring valuable resources to those in need. We are dedicated to the advancement of our youth and community through breast cancer awareness, a youth mentorship program and by bringing the technological resources to our surrounding schools. The Golf Affect aims to achieve this mission through charitable events and brand recognition.

The Wisconsin Women's Health Foundation is a state-wide non-profit organization whose mission is to help Wisconsin women and their families reach their healthiest potential. WWHF provides programs and conducts forums that focus on education, prevention, early detection, and connecting individuals to resources; produces and distributes the most up-to-date health education and resource materials; and, awards grants and scholarships to women health researchers and related community non-profits.

The money you donate to The Golf Affect will stay in the Dane County community and work towards the education and awareness of breast cancer through the Wisconsin Women's Health Foundation's Grapevine Project.
